University of California Press

The University of California Press strives to drive progressive change by seeking out and cultivating the brightest minds and giving them voice, reach, and impact. We believe that scholarship is a powerful tool for fostering a deeper understanding of our world and changing how people think, plan, and govern. The work of addressing society’s core challenges – whether they be persistent inequality, a failing education system, or global climate change – can be accelerated when scholarship assumes its role as an agent of engagement and democracy.

ucpress.edu

Columbia University Press

Columbia University Press seeks to enhance Columbia University’s educational and research mission by publishing outstanding original works by scholars and other intellectuals that contribute to an understanding of global human concerns. The Press also reflects the importance of its location in New York City in its publishing programs. Through book, reference, electronic publishing, and distribution services, the Press broadens the university’s international reputation.

cup.columbia.edu

Princeton University Press

Princeton University Press brings scholarly ideas to the world. We publish peer-reviewed books that connect authors and readers across spheres of knowledge to advance and enrich the global conversation. We embrace the highest standards of scholarship, inclusivity, and diversity in our publishing. In keeping with Princeton University’s commitment to serve the nation and the world, we publish for scholars, students, and engaged readers everywhere.

press.princeton.edu

The University Press Group (UPG) is jointly owned by the University Presses of California, Columbia and Princeton and is responsible for the sales of their books in the UK and Ireland, Europe, The Middle East and Africa.

Rome Is Burning

Nero and the Fire That Ended a Dynasty

Anthony A. Barrett

Drawing on new archaeological evidence, an authoritative history of Rome's Great Fire—and how it inflicted lasting harm on the Roman Empire

According to legend, the Roman emperor Nero set fire to his majestic imperial capital on the night of July 19, 64 AD and fiddled while the city burned. It's a story that has been told for more than two millennia—and it's likely that almost none of it is true. In *Rome Is Burning*, distinguished Roman historian Anthony Barrett sets the record straight, providing a comprehensive and authoritative account of the Great Fire of Rome, its immediate aftermath, and its damaging longterm consequences for the Roman world. Drawing on remarkable new archaeological discoveries and sifting through all the literary evidence, he tells what is known about what actually happened—and argues that the disaster was a turning point in Roman history, one that ultimately led to the fall of Nero and the end of the dynasty that began with Julius Caesar.

Rome Is Burning tells how the fire destroyed much of the city and threw the population into panic. It describes how it also destroyed Nero's golden image and provoked a financial crisis and currency devaluation that made a permanent impact on the Roman economy. Most importantly, the book surveys, and includes many photographs of, recent archaeological evidence that shows visible traces of the fire's destruction. Finally, the book describes the fire's continuing afterlife in literature, opera, ballet, and film.

A richly detailed and scrupulously factual narrative of an event that has always been shrouded in myth, *Rome Is Burning* promises to become the standard account of the Great Fire of Rome for our time.

A New History of Roman Religion

Jörg Rüpke, David M. B. Richardson

From one of the world's leading authorities on the subject, an innovative and comprehensive account of religion in the ancient Roman and Mediterranean world

In this ambitious and authoritative book, Jörg Rüpke provides a comprehensive and strikingly original narrative history of ancient Roman and Mediterranean religion over more than a millennium—from the late Bronze Age through the Roman imperial period and up to late antiquity. While focused primarily on the city of Rome, *Pantheon* fully integrates the many religious traditions found in the Mediterranean world, including Judaism and Christianity. This generously illustrated book is also distinguished by its unique emphasis on lived religion, a perspective that stresses how individuals' experiences and practices transform religion into something different from its official form. The result is a radically new picture of Roman religion and of a crucial period in Western religion—one that influenced Judaism, Christianity, Islam, and even the modern idea of religion itself.

The Selected Letters of Cassiodorus

A Sixth-Century Sourcebook

Cassiodorus, M. Shane Bjornlie

One of the great Christian scholars of antiquity and a high-ranking public official under Theoderic, King of the Ostrogoths, Cassiodorus compiled edicts, diplomatic letters, and legal documents while in office. The collection of his writings, the *Variarum*, remains among the most important sources for the sixth century, the period during which late antiquity transitioned to the early middle ages.

Translated and selected by scholar M. Shane Bjornlie, *The Selected Letters* gathers the most interesting evidence from the *Variarum* for understanding the political culture, legal structure, intellectual and religious worldviews, and social evolution during the twilight of the late-Roman state. Bjornlie's invaluable introduction discusses Cassiodorus's work in civil, legal, and financial administration, revealing his interactions with emperors, kings, bishops, military commanders, private citizens, and even criminals. Section notes introduce each letter to contextualize its themes and connection with other letters, opening a window to Cassiodorus's world.

Melania

Early Christianity through the Life of One Family

Catherine Michael Chin, Caroline T. Schroeder

Melania the Elder and her granddaughter Melania the Younger were major figures in early Christian history, using their wealth, status, and forceful personalities to shape the development of nearly every aspect of the religion we now know as Christianity. This volume examines their influence on late antique Christianity and provides an insightful portrait of their legacies in the modern world. Departing from the traditionally patriarchal view, *Melania* gives a poignant and sometimes surprising account of how the rise of Christian institutions in the Roman Empire shaped our understanding of women's roles in the larger world.
